Chair, Barbara Cooper 07803 903047 or bcconfidential@caw.ac.uk

Maddy Crowther 01954 718303 – for urgent food, supplies & prescriptions

Victoria Bevan 07832 100441 – a 'phone call for a friendly chat.

New Lockdown Rules

Longstowe has been moved into Tier 2 in line with the rest of the area

In Tier 2:

- you must not socialise with anyone you do not live with or who is not in your support bubble in any indoor setting, whether at home or in a public place
- you must not socialise in a group of more than 6 people outside, including in a garden or a public space – this is called the 'rule of 6'
- businesses and venues can continue to operate, in a [COVID-Secure](#) manner, other than those which remain closed by law, such as nightclubs
- pubs and bars must close, unless operating as restaurants. Hospitality venues can only serve alcohol with substantial meals
- hospitality businesses selling food or drink for consumption on their premises are required to:
 - provide table service only, in premises which sell alcohol
 - close between 11pm and 5am (hospitality venues in airports, ports, transport services and motorway service areas are exempt)
 - stop taking orders after 10pm
- hospitality businesses and venues selling food and drink for consumption off the premises can continue to do so after 10pm as long as this is

through delivery service, click-and-collect or drive-through

- early closure (11pm) applies to casinos, cinemas, theatres, museums, bowling alleys, amusement arcades, funfairs, theme parks, adventure parks and activities, and bingo halls. Cinemas, theatres and concert halls can stay open beyond 11pm in order to conclude performances that start before 10pm
- public attendance at outdoor and indoor events (performances and shows) is permitted, limited to whichever is lower: 50% capacity, or either 2,000 people outdoors or 1,000 people indoors
- public attendance at spectator sport and business events can resume inside and outside, subject to [social contact rules](#) and limited to whichever is lower: 50% capacity, or either 2,000 people outdoors or 1,000 people indoors
- places of worship remain open but you must not socialise with people from outside of your household or support bubble while you are indoors there, unless a legal exemption applies
- weddings and funerals can go ahead with restrictions on numbers of attendees – 15 people can attend wedding ceremonies and receptions, 30 people can attend funeral ceremonies, and 15 people can attend linked commemorative events such as wakes or stone settings
- organised outdoor sport, and physical activity and exercise classes can continue
- organised indoor sport, physical activity and exercise classes will only be permitted if it is possible for people to avoid mixing with people they do not live with (or share a support bubble with). There are exceptions for indoor disability sport, sport for educational purposes and supervised sport and physical activity for under-18s, which can take place with larger groups mixing
- you can continue to travel to venues or amenities which are open, but should aim to reduce the number of journeys you make where possible
- if you live in a tier 2 area, you must continue to follow tier 2 rules when you travel to a tier 1 area. Avoid travel to or overnight stays in tier 3 areas other than where necessary, such as for work, education, youth services, to receive medical treatment, or because of caring responsibilities. You can travel through a tier 3 area as a part of a longer journey.

For international travel see the Foreign, Commonwealth and Development Office [travel advice](#) for your destination and the [travel corridors list](#).

Christmas Covid arrangements

During the Christmas period we must each continue to take personal responsibility to limit the spread of the virus and [protect our loved ones, particularly if they are vulnerable](#). For many, this will mean that it isn't possible to celebrate Christmas in the way you normally would.

Between 23 and 27 December:

- you can form an exclusive 'Christmas bubble' composed of people from no more than three households
- you can only be in one Christmas bubble
- you cannot change your Christmas bubble
- you can travel between tiers and UK nations for the purposes of meeting your Christmas bubble
- you can only meet your Christmas bubble in private homes or in your garden, places of worship, or public outdoor spaces
- you can continue to meet people who are not in your Christmas bubble outside your home according to [the rules in the tier you are meeting in](#)
- if you form a Christmas bubble, you should not meet socially with friends and family that you do not live with in your home or garden unless they are part of your Christmas bubble
- you should travel to meet those in your Christmas bubble and return home between the 23 and 27 December. Anyone travelling to or from Northern Ireland may travel on the 22 and 28 December.

For more information go to

<https://www.gov.uk/government/publications/making-a-christmas-bubble-with-friends-and-family/making-a-christmas-bubble-with-friends-and-family>

Longstowe Post Office opening times: Monday, Wednesday and Thursday 9:00–12:30 for the sale of stamps, issue of pensions, posting letters and small parcels, obtain an account balance and issuing cash via debit card. Collection point for some parcels. Use it or lose it!

Christmas opening times – normal opening to Thursday 24th Dec then probably closed until Wednesday 30th Dec.

As we go to press, opening on Monday 28th has still to be decided by the Post Office.

Last collection times: High Street Mon–Fri: 16:15, Sat: 10:30 and Fox Road: Mon–Fri: 09:00, Sat: 07:00.

NHS Priority Collections are now made from the local post boxes on a Sunday.

Roundup Of The Year From The Longstowe Church PCC

A round up of church happenings here in Longstowe for what has been a most unusual year for everyone across the World. The Papworth Team have been very good with their Zoom services but Revd's Nigel & Stephen have been very flexible and managed to celebrate several weddings in the church (following due process), and the funeral of the long standing parishioner Michael Rolls. Thank you.

Harvest 2020: A service was held partly inside and out with the sun shining! After the service Daphne Ford delivered the hamper of food, given up as an offering, to the local Food Box Scheme (run from 42 Riddy Lane). The volunteer told her that he goes to the central food distribution point, run by the Trussell Trust in Cambridge, twice a week. Sadly it seems there are many people who are needing real support.

Remembrance Nov 2020:

Another glorious afternoon for an outdoor service and definitely not like November. Brian Benstead very movingly read out the names of the Fallen from the Great War and World War Two. It was a remarkable occasion that happened only because of a last-minute reprieve for people to come together in remembrance in the open air. It was truly a very poignant afternoon.

Advent and Christmas Services:

13th December 2020 @ 4pm.

Carols & Christingle Around the Porch
(Wrap up warm and bring a torch!)

*Christmas Day Holy Communion @ 9.15am

*Subject to no further emergency restrictions – people will be counted in and asked to sit in their bubbles and exercise social distancing.

ZOOM Services for all Papworth Team Churches

Sunday 6th December at 10.00am - Morning Worship

Sunday 6th December at 6.00pm - Evening Prayer

Sunday 13th December at 6.00pm - Evening Prayer

(The link is on the website

www.papworthteamchurches.org)

Updates to the team homepage

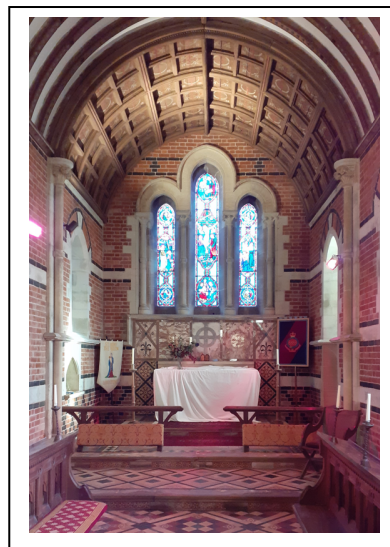

[Encouragement](#) Page... New resources, talks and podcasts

Plus... poems

Team Morning Prayer at 8.15

every day Monday – Saturday... [Pray with us via Zoom](#)

[Team Bible Study](#) via Zoom continues on Wednesday evening - arrive at 7.15 for 7.30pm

When you come to church this month, whether it is for private prayer, to join one of the advertised services, or just walking around the churchyard, please take a moment to come in and look at the

magnificent ceiling in the apse over the altar. On the right-hand side by the vestry door there is a switch to our new light (a replacement for the previous unit). The ceiling is quite a revelation – probably never seen in its full glory since the church was built.

****Ring out, wild bells, to the wild sky,
The flying cloud, the frosty light:
The year is dying in the night;
Ring out, wild bells, and let him die.**

**Ring out the old, ring in the new,
Ring, happy bells, across the snow:
The year is going, let him go;
Ring out the false, ring in the true.**

**Ring out the grief that saps the mind
For those that here we see no more;
Ring out the feud of rich and poor,
Ring in redress to all mankind.**

**Ring in the valiant man and free,
The larger heart, the kindlier hand;
Ring out the darkness of the land,
Ring in the Christ that is to be.**

Alfred Lord Tennyson, 1809–1892
(** Number of versus reduced).

*And a Happy & Healthy New Year
to you All!*

Doorstep Carols

On 16th Dec at 6pm you are invited to join in with doorstep carols. This will be broadcast on local radio and the carol sheet can be downloaded from doorstepcarols.co.uk for the words.

The Village Hall

*"A very happy Covid-free
Christmas from the
Village Hall Committee".*

The Covid-19 situation for the Village Hall has not changed and the hall will remain closed for the foreseeable future. The situation will be reviewed again in January.

A further government-funded relief grant has been applied for.

Various maintenance work is being carried out as needed by John Murden and Peter White.

Christmas tree recycling

Arthur Rank Hospice is operating a tree collection scheme in Cambridge and surrounding areas.

The hospice is asking for voluntary donations in exchange for the collection, which is due to occur on January 9, 10 and 11.

Volunteers will collect trees from postcode areas CB1, CB2, CB3, CB4, CB5, CB22, CB23 & CB24.

As it is unable to allocate time slots, the hospice asks those wishing to take advantage of the scheme to ensure their tree is out and ready for collection by 8am on January 9th.

You can sign up to take part at [Just Helping](https://www.justhelping.org/).

More details to follow in Winter edition of South Cambs Magazine.

Contact: Waste.Enquiries@scambs.gov.uk

Revised bin collection dates during the Christmas period:

The Twelve Days of a Covid Christmas

sung to the tune of The Twelve Days of Christmas

On the Twelfth day of Christmas, my true love gave to me. . . .

12 Sanitisers

11 Plastic visors

10 PM curfew

9 Months in lockdown

8 Swabs and test kits

7 Stupid face masks

6 People only

5 Loo rolls

4 Isolations

3 Tier system

2 Metres distance

And a useless track and trace app too.

PW

Parish Council news

At the last meeting on 19th November the Council discussed the Parish Precept for 21/22 and the Covid Community Grant, the Village Hall update and A1198 footpath and footpath to Bourn.

Two planning applications were also considered.

More information on planning applications for this area can be found at

<https://www.scambs.gov.uk/planning/> by searching on the application number or the village name.

Other matters discussed were rough sleeping, the Greater Cambridge Local Plan and the Oxford Cambridge ARC project

The next meeting is to be held on 17th December at 7:15pm.

Battery recycling info

As the council has stopped doorstep recycling of batteries, your Parish Council has provided a battery

re-cycling box that will be/has been positioned in the back wall of the Village Hall. This will be emptied as required by a volunteer from the village.

Christmas Dinner

There was no Harvest Supper this year and afternoon teas in the Village Hall have stopped so please be aware if you have an elderly neighbour living by themselves. They may not be bothered to cook a full Christmas dinner for themselves so consider making an extra portion and taking it round. A chat on the doorstep – suitably distanced and well wrapped up – might be quite welcomed too.

And for light relief:

Anybody get stressed about Christmas Dinner? Read this from Patterson's Butchers, Sheffield (slightly cleaned up)

😂 Just in case anyone is stressing about Christmas Day.....! 😂

Here's my top tip

🎄 Christmas Dinner....

I have concluded that the inevitable stress of Christmas dinner is created by adverts, supermarkets and TV chefs...

It's a Sunday dinner for goodness sake!!! 😊 We do it quite happily 51 weeks of the year but can we the consumers be trusted to manage by ourselves on one day of the year...apparently not!

Here goes... ❤️

1. Turkey... It's a big chicken that's all, 20 minutes per lb plus 20 minutes at 180 degrees - jobs a good un! Get yourselves a meat thermometer £3 off the Internet, poke it in the offending bird; if it says 75 degrees or over, it's cooked! 🍗

2. Stuffing - regardless of what Jamie Oliver says you do NOT need 2lbs of shoulder of pork, onions breadcrumbs, pine nuts and a load of fresh herbs to make stuffing....(no wonder he's bankrupt if that's what he spends to make stuffing!) 😊

What you need is Paxo and a kettle!! If you wanna liven it up squeeze 3 sausages out of their skins and mix that in with your Paxo before cooking 😊.

3. Gravy - Jamie Oliver is copping for this one as well....

Bisto Jamie.... All you need is Bisto!

I (nor any other woman I know) has got time on Christmas Eve to mess about roasting chicken wings and vegetables, adding stock and flour, cooking it for another half hour, mashing it all up with a potato masher and then straining the whole sorry mess to make gravy 😞😞😞

4. Vegetables... 🥕 Never mind faffing round shredding sprouts and frying them with bacon and chestnuts to make them more palatable... If you don't like them don't buy and cook the stupid things!! If your family only eats frozen peas then that's good enough!

5. Roast potatoes... Yes, I par boil mine then roast them in goose fat but Aunt Bessie also does the same thing 😊.

6. Trimmings /Christmas pudding and the like.... Aldi or Lidl!

(oh! and while we're on the subject of pudding - if Birds custard is what your family likes on the wretched thing then that's fine - you do not need brandy butter /rum sauce etc. or anything else that costs a fortune and takes 2 hours to make!)

7. Family....

Children.. Feed the little blighters first separately, if they only want turkey with tomato sauce - fine leave 'em to it, it doesn't matter. Once they're fed, send them off to play with their Christmas presents so that YOU can enjoy your dinner in Peace!

Adults... Anyone that can manage to get themselves to your dinner table is also capable of helping to serve up/ sort the kids out/ clear the table /wash up /dry up etc.

And Finally.....

NO ONE.... And I mean no one APART FROM THE COOK IS ALLOWED TO GET DRUNK AND FALL ASLEEP BEFORE THE WASHING UP IS DONE!!!

Final push for Longstowe to receive 18x faster broadband as a village earmarked for full-fibre connectivity

Longstowe is on the cusp of reaching the required threshold to kickstart construction of a new full-fibre broadband network to receive some of the fastest and most reliable speeds anywhere in the UK.

County Broadband, a specialist rural full-fibre network and broadband provider, has announced 24 villages in South Cambridgeshire are earmarked to receive the new Hyperfast infrastructure in 2021, totalling around 9,400 premises. The new network will deliver improved reliability and provide speeds of up to 1,000 Mbps initially – nearly 20 times faster than the UK average – upgradable to over 10,000 Mbps in the future.

But the East Anglia-based provider, backed by a £46 million private investment by Aviva Investors, has confirmed that, as we go to press, Longstowe needs 13 more pre-orders to achieve the minimum threshold target. They would really like to achieve these pre-orders before the end of December so that they can notify the village that the relevant target has been achieved. Your Parish Council is holding back on

installing broadband in the Village Hall for the use of the community as this will be installed and supplied free of charge as part of this project should the village reach its target and the village installation go ahead. County Broadband is calling on residents and businesses to rally support in the rural community to help reach the sign-up. Information and ways of pre-ordering can be found on their website <https://countybroadband.co.uk/>.

Please support it if you can.

Safety on line

Reports of online shopping fraud have surged by 30% over the pandemic as many of us continue to shop online in light of current restrictions.

Figures from Action Fraud show that criminals conned **17,407** shoppers out of almost **£13.5 million** over the Christmas period last year, an increase of over 20% when compared to the same period in 2018.

Action Fraud is warning the public to take extra care when shopping online, ahead of Black Friday and Cyber Monday, as shoppers search for bargains and gifts for loved ones in the run up to Christmas. For more information, go to <https://www.getsafeonline.org/>

Password Protection

The National Cyber Security Centre (NCSC) also advises people to use three random words to create strong and memorable passwords e.g. kneepastahopscotch. By adding numbers and punctuation characters to your password this makes it stronger still e.g. kn33p@st@h0p5c0tch! NCSC also advise the following to keep your online accounts secure:

- Use a unique and separate password for your email.
- Store your passwords somewhere safe: save to your browser or use a password manager.
- Add extra security to important online accounts: turn on two-factor authentication.

If your account has been hacked please see NCSC's useful guide to [recovering a hacked account](#) and this [handy infographic](#).

Telephone / text Scams

These are also becoming more prevalent – most popular telephone ones are the “I hear you have recently had an accident that wasn’t your fault” or “your computer has become infected. Please give us access to it and we can sort it”. If you are feeling lonely this might be a good opportunity to have a chat with a real person but don’t give any of your personal information away. You can have fun making up a

whole different life story 🤖 but don’t be hurt if they eventually cut you off.

Text scams are also popular with the “we have noticed a fraudulent withdrawal on your bank account/credit card and have frozen your account. Please follow this link to re-open your account”.

PLEASE DO NOT CLICK ON ANY LINK YOU ARE UNSURE OF. Phone your bank / credit card on their published number and confirm before you do anything.

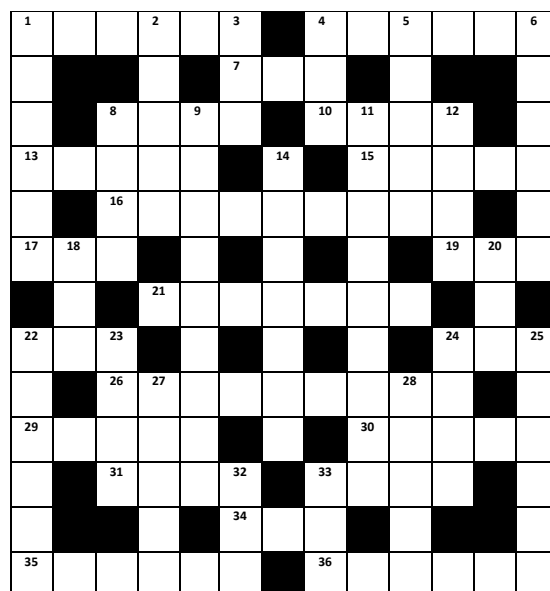

A letter to the village (Joy Cawdery)

Just a few words about myself as I am the oldest person in Longstowe having lived here all my life. I have seen many changes, some good, some not so good. Years ago we knew everybody and we all knew who to contact in any emergency. I hardly know anyone now as an awful lot of people who were born here now have left, including my family.

I am delighted to tell you I have had House Martins nesting in my house since 1991. I purchased five nests from Sandy Bird Sanctuary so they have their nests ready when they return.

This pandemic has hit us all hard. It’s the isolation – no-one can pop in for a cup of tea and a chat. Let’s all hope for better times in 2021. Take care and keep safe. Joy Cawdery

Answers on back page

Latest on A428 Black Cat to Caxton Gibbet

The mayor of Cambridgeshire, James Palmer, met with officials from Highways England this earlier this month to hear updates on progress and to follow up the announcement of the preferred route of the scheme.

Mr Palmer said he was “disappointed” when he heard last year that although the ambition of the scheme had increased, the timescale for the start of the work had slipped to 2022.

Mr Palmer said that to minimise impact on the local economy, construction should start as soon as possible, and he now says Highways England has confirmed work will begin in 2021.

Work is set to begin to transform the A428 between Cambridge and Milton Keynes after £25bn of funding for the country’s roads was announced by chancellor Sajid Javid.

The updated road could save commuters travelling between Bedfordshire and Cambridgeshire 90 minutes a week, according to Highways England’s plans.

Putting the World to Rights

There I was a few weeks ago, deep in conversation with a friend of much my own age, both of us discussing what a ridiculous situation we were in, where most of the new cars currently on sale neither carried a spare wheel nor had the space to keep one. I felt it was bad enough having to put up with a small, lightweight temporary spare, but at least it would get you out of trouble even if it did mean having to restrict one’s speed.

We are led to believe that lack of a spare certainly isn’t done to save manufacturer’s money, but to increase efficiency of the vehicle by reducing weight. Maybe it never occurred to them that a conventional spare wheel weighs significantly less than half a tank of fuel or a third of a passenger.

Oh well, World put to rights and we both parted company. On my way back home I remembered back what seems like a few years (but was probably nearer to 50 years). I recall my late father airing his thoughts that he considered it ridiculous that new cars (at the time) no longer came with starting handles! I have to say I’d rather forego a starting handle than a spare wheel.

The last car I owned with a starting handle was a Hillman Imp. I never used that handle though I was glad of the spare wheel a few times.

PW

Progress of East–West Railway

New environmental surveys are being carried out by East West Railway Company to help inform planning and design work for the East West Rail line connecting Cambridge, Bedford, Milton Keynes and Oxford.

We’ve written to over 600 landowners in and around the area to ask for access to their land in order to help understand local environmental conditions.

The surveys – which will be carried out throughout 2021 – will gather data on plant and animal life, environmental features like rivers and streams, and historical features. This activity is part of our continued commitment to put environmental considerations at the heart of proposals for the new East West Rail connection. The timing of the surveys is

key as certain species can only be monitored at specific times of year.

We've also taken the unusual step of publishing an expansive set of initial baseline maps in a new interactive feature on our [Community Hub](#). These maps have been developed using open-source data from national and local government agencies such as the Environment Agency, Natural England and local authorities, as well as from sources such as the Woodland Trust, and outline some of the complex factors which our team has been taking into consideration as we progress early designs for East West Rail. We believe this is the first time such data has been shared by an infrastructure project in this way.

The initial baseline maps have been released ahead of a non-statutory public consultation planned for early 2021, when we will again ask people for their views on the railway. Together, the environmental surveying and the feedback from the consultation, combined with other data and research, will help us to develop potential designs for this critical rail connection in a way which protects and supports the local environment.

Ian Parker, Programme Delivery Director, said: "Most of these digital maps are only available to organisations with the resources and technical tools to read them. However, we'd like to make sure that local communities have access to the same baseline data as the team here. We hope that taking the unusual step of publishing this data will help strengthen conversations with residents and their representatives – who have been incredibly generous with their time and expertise throughout the process. We are grateful to landowners and their representatives – including the National Farmers Union – for allowing us to gather the new surveying

data and help create the right connections for their communities and the local environment."

Following the planned consultation in early 2021, there will be further opportunities for members of the public to have their say in the design of East West Rail – once through a formal public consultation and finally when the plans are submitted to the Planning Inspectorate.

Xmas

The short form of "Christmas", the word Xmas began as an abbreviation for church records and charts. The first letter of the word Christ in Greek (Kristos) is chi, which is identical to our X. Therefore X stands for Christ, as in Xmas. For early Christians, most of whom spoke Greek, the word Xmas signified "Christ's Mass". The shortening of Christmas to Xmas has been a common practice since the sixteenth century. And despite what you may think Xmas is not a secular replacement for Christ.
