The Route Out of Lockdown

On Monday 22nd February, the Prime Minister put to Parliament his 4 stage plan on the way out of lockdown towards a more normal existence. He emphasized that releasing the lockdown should be slow and careful relying on the pandemic progress data rather than political pressure. He repeated that he wanted to ensure that no more lockdowns were needed. Dates were given for the 4 stages but with the proviso that these may be delayed if the virus began to re-take hold. With that warning he put forward the following route out of lockdown.

Step 1 from 8 March

Our priority is to ensure that all children and students return safely to face-to-face education in schools and colleges. Childcare and children's supervised activities can also resume where necessary to enable parents to work or engage in similar activities. We are introducing twice-weekly rapid testing for secondary and college pupils - in addition to regular testing for all teachers - to reduce the chance of the virus spreading in schools.

Higher Education students at English universities on practical courses can also return from 8 March.

People will be allowed to leave home for recreation and exercise outdoors with their household or support bubble, if they are eligible for one, or with one person from outside their household. Care home residents will also be allowed one regular visitor. The evidence shows that it is safer for people to meet outdoors rather than indoors. And this is why from 29 March, when most schools start to break up for the Easter holidays, outdoor gatherings (including in private gardens) of either 6 people (the Rule of 6) or 2 households will also be allowed, making it easier for friends and families to meet outside.

Outdoor sports facilities such as tennis and basketball courts, and open-air swimming pools, will also be allowed to reopen, and people will be able to take part in formally organised outdoor sports.

The 'stay at home' rule will end on 29 March but many restrictions will remain in place. People should continue to work from home where they can and minimise the number of journeys they make where possible, avoiding travel at the busiest times and routes. Travel abroad will continue to be prohibited, other than for a small number of permitted reasons. Holidays abroad will not be allowed, given it will remain important to manage the risk of imported variants and protect the vaccination programme. The

government has launched a new taskforce to review global travel which will report on 12 April.

Step 2, which will be no earlier than 12 April

We will see the opening of non-essential retail; personal care premises such as hairdressers and nail salons; and public buildings, including libraries and community centres. Indoor leisure facilities such as gyms will also reopen (but only for use by people on their own or in household groups); as will most outdoor attractions and settings including outdoor hospitality venues, zoos, theme parks, and drive-in cinemas. Self-contained accommodation such as campsites and holiday lets, where indoor facilities are not shared with other households, can also reopen. Hospitality venues will be allowed to serve people outdoors at Step 2 and there will be no need for customers to order a substantial meal with alcoholic drinks and no curfew, although customers must order, eat and drink while seated ('table service'). Wider social contact rules will apply in all these settings to prevent indoor mixing between different households. While funerals can continue with up to 30 mourners, the number of people able to attend weddings, receptions and commemorative events such as wakes will rise to 15.

As soon as possible and by no later than Step 3, we will also update the advice on social distancing between friends and family, including hugging. But until this point, people should continue to keep their distance from anyone not in their household or support bubble.

Step 3, no earlier than 5 weeks after Step 2 or 17 May

As part of this, the government will look to continue easing limits on seeing friends and family wherever possible, allowing people to decide on the appropriate level of risk for their circumstances. This means that most legal restrictions on meeting others outdoors will be lifted - although gatherings of over 30 people will remain illegal. Indoors, the Rule of 6 or 2 households will apply - we will keep under review whether it is safe to increase this.

Most businesses in all but the highest risk sectors will be able to reopen. In all sectors, COVID-Secure guidance will remain in place and businesses may not cater for groups bigger than the legal limits. Indoor hospitality will reopen - and as in Step 2, venues will not have to serve a substantial meal with alcoholic drinks; nor will there be a curfew. Customers will, however, have to order, eat and drink while seated. Other indoor locations to open up in Step 3 include indoor entertainment venues such as cinemas and children's play areas; the rest of the accommodation sector, including hotels, hostels and B&Bs; and indoor

adult group sports and exercise classes. The government will also allow some larger performances and sporting events in indoor venues with a capacity of 1,000 people or half-full (whichever is a lower number), and in outdoor venues with a capacity of 4,000 people or half-full (whichever is a lower number). In the largest outdoor seated venues, where crowds can be spread out, up to 10,000 people will be able to attend (or a quarter-full, whichever is lower). Up to 30 people will be able to attend weddings, receptions and wakes, as well as funerals. This limit will also apply to other types of significant life events including bar mitzvahs and christenings. Finally, before Step 4 begins, the government will complete a review of social distancing and other long-term measures that have been put in place to cut transmission. This will inform decisions on the timing and circumstances under which the rules on 1 metre plus, the wearing of face coverings and other measures may be lifted. This will also inform guidance on working from home - which should continue wherever possible until this review is complete.

Step 4, no earlier than 5 weeks after Step 3 or 21 June

By Step 4, the government hopes to be in a position to remove all legal limits on social contact.

We hope to reopen remaining premises, including nightclubs, and ease the restrictions on large events and performances that apply in Step 3. This will be subject to the results of a scientific Events Research Programme to test the outcome of certain pilot events through the spring and summer, where we will trial the use of testing and other techniques to cut the risk of infection. The same Events Research Programme will guide decisions on whether all limits can be removed on weddings and other life events.

As we move through each of these phases in the roadmap, we must all remember that COVID-19 remains a part of our lives. We are going to have to keep living our lives differently to keep ourselves and others safe. We must carry on with 'hands, face, space'. Comply with the COVID-Secure measures that remain in place. Meet outdoors when we can and keep letting fresh air in. Get tested when needed. Get vaccinated when offered. If we all continue to play our part, we will be that bit closer to a future that is more familiar.

Reiteration of Current Lockdown Rules

Longstowe is currently in full lockdown along with the rest of England. The current rules are still:

Leaving home

You must not leave, or be outside of your home

except where necessary. You may leave the home to:

- shop for basic necessities, for you or a vulnerable person
- go to work, or provide voluntary or charitable services, if you cannot reasonably do so from home
- exercise with your household (or support bubble) or one other person (in which case you should stay [2m apart](#)). Exercise should be limited to once per day, and you should not travel outside your local area.
- meet your [support bubble](#) or [childcare bubble](#) where necessary, but only if you are legally permitted to form one
- seek medical assistance or avoid injury, illness or risk of harm (including domestic abuse)
- attend education or childcare - for those eligible
- If you do leave home for a permitted reason, you should always stay in your local area - unless it is necessary to go further, for example to go to work.
- Staying in your local area means stay in the village, town, or part of the city where you live.
- If you are [clinically extremely vulnerable](#) you are advised to only go out for medical appointments, exercise or if it is essential. We recommend that you do not attend work

Meeting others

You cannot leave your home to meet socially with anyone you do not live with or are not in a [support bubble](#) with (if you are legally permitted to form one).

You may exercise on your own, with one other person, or with your household or support bubble. This should be limited to once per day, and you should not travel outside your local area.

You cannot meet other people you do not live with, or have not formed a support bubble with, unless for a permitted reason.

[Stay 2 metres apart](#) from anyone not in your household or support bubble.

Education

Colleges, primary and secondary schools will remain open only for [vulnerable children and the children of critical workers](#). All other children will learn remotely until 8 March at the earliest.

Early years settings remain open.

Higher Education provision will remain online until 8 March at the earliest for all except future critical worker courses.

Travelling internationally from England

You can only travel internationally – or within the UK – where you first have a legally permitted reason to leave home. The legally permitted reasons to leave home for international travel are the same as the reasons listed on this page in the ‘When you can leave home’ section. This means you may not travel to go on holiday.

In addition, you should consider the public health advice in the country you are visiting.

If you do need to travel overseas (and are legally permitted to do so) you should look at the rules in place at your destination and the [Foreign, Commonwealth and Development Office \(FCDO\) travel advice](#). You should do this even if you are returning to a place you’ve visited before.

From 15 February onwards, everyone allowed to enter England who has visited or passed through a country where travel to the UK is banned in the last 10 days must:

- quarantine for 10 days in a managed quarantine hotel
- take a coronavirus (COVID-19) test on or before day 2 and on or after day 8 of quarantining, the tests are included in the hotel package
- follow the [national lockdown rules](#)

For more information go to

<https://www.gov.uk/guidance/national-lockdown-stay-at-home#summary-what-you-can-and-cannot-do-during-the-national-lockdown>

Longstowe Post Office opening times: Monday, Wednesday and Thursday 9:00–12:30 for the sale of stamps, issue of pensions, posting letters and small parcels, obtain an account balance and issuing cash via debit card. Collection point for some parcels. Use it or lose it!

Last collection times: High Street Mon–Fri: 16:15, Sat: 10:30 and Fox Road: Mon–Fri: 09:00, Sat: 07:00.

NHS Priority Collections are now made from the local post boxes on a Sunday.

The Village Hall

The Covid-19 situation for the Village Hall has not changed and the hall will remain closed for the foreseeable future. The situation will be reviewed again at the next meeting of the Village Hall Committee.

A further government-funded relief grant has been applied for.

Various maintenance work is being carried out as needed by John Murden and Peter White.

Bourn School Chrome Books Appeal.

Please can you help your local Primary School?

The recent lockdown has meant some very significant changes to the way education is delivered at our Primary School in Bourn. Thanks to the news reports we are all aware of the major role technology is now playing in this. It is allowing the provision of 'on line' lessons to be delivered by the school staff. They are providing high quality lessons using Google classroom, enabling pupils to have regular teaching sessions at home. Where possible, school has also been able to lend out computers and tablets to children who do not have ready access to these. The hope is to continue and develop this use of technology even further, but in order for that to happen it needs more Chrome Books. After the lockdown these valuable resources will still be used in classes across the school, as well as supporting the more vulnerable children in times like the present. They will also help reduce the need for the children to share. A Chrome Book costs in the order of about £280 each.

Inevitably the pandemic has hit the school budget hard. Extra unforeseen costs have been incurred, whilst at the same time fundraising opportunities have been restricted. As the school plays such an integral part in the lives of our village children, can we as villagers help out at this time. Would you consider making a financial donation that will make a difference?

Some families have children at the school now, and are already doing what they can to offer support. But we would like to expand the need for help. Maybe you had children who went to the school, or have children who are looking forward to the time when they will start there. Maybe you were a pupil there yourself at one time. Maybe none of these apply, but you would still like to see the school and our children flourish and prosper.

So please, could you donate the price of that café-bought coffee and cake that you can't have right now, or the cost of the chocolates you have given up for lent, or some of that petrol money you are saving. You can give via the Just Giving page at <https://www.justgiving.com/campaign/BournChromebooks2021>

or if a cheque is easier payable to Bourn School Association. If you can mark your envelope Chrome Books and send to
Bourn School Association
Bourn Primary Academy,

Riddy Lane,
Bourn, Cambs.

CB23 2SP

Whatever you might be able to give will be very gratefully received and every penny will help.
Thank you.

Parish Council news

At the last meeting on 18th February the Council discussed the trees in Rushbrook Close, the state of the gullies, sewers and drains and the Covid needs of the village. Quotes are being sought for repair of the village sign.

Variation on the Parish Precept (part of the Council Tax on each house) was explained. Even if the Parish Council requests the same amount of money each year, the Council Tax bill can still show an increase or decrease in the amount payable. This fluctuation is due to the increase or decrease in the number of properties paying the full amount of Council Tax. The main reason for a reduced amount of Council Tax on a property comes about if there is less than two persons liable for the tax in that property. The next meeting is to be held on 18th March at 7:15pm.

Climate and Environment

The South Cambs Council are currently marking Climate and Environment Fortnight 2021 with a series of webinars to help people think about how to live more sustainably, reduce carbon emissions and in turn help tackle climate change. All are welcome to join any of these free online events

- *Greening your older home*, tips and inspiration, Tuesday 2 March, from 1pm to 2pm
- *Shrinking your carbon footprint*, Wednesday 3 March, 7.30pm to 8.30pm
- *Food for our Future workshop*, Thursday 4 March, from 7.30pm to 8.30pm.

For more information, please visit their website <https://www.scambs.gov.uk/climate-change/climate-and-environment-fortnight-2021-events/> where they will be updating information about how to join these events.

Theft Warnings

There are currently ongoing thefts from local villages of the catalytic converters from cars and metal in general. Please be on your guard and report anything suspicious by phoning the local police on 101. Please also be aware of a suspicious white transit van BK62 AKO. If seen please call 101 immediately for Police to come out. They are aware.

South Cambs Magazine Update

It seems that at least Longstowe, Bourn and Gamlingay residents have not received the winter issue of the South Cambs Magazine. Your Parish Council have chased this with the South Cambs Communications Department and been told that it appears to be a distribution issue. This was on 8th February and I, for one, am still waiting for my copy. Watch this space for the Spring edition. 😞

Covid-19 Vaccine booking scams

Please **do not** give any bank or card details either on-line, by text or during a phone call to make payment for a vaccine or to prove your residential address. Coronavirus vaccines are administered free of charge. Your surgery or the NHS will not ask for any money or bank details.

Beware also telephone calls claiming to be from NHS instructing you to press a key to confirm you'd like to receive the vaccine or asking for bank details as affirmation to receive the vaccine. Both are likely to result in financial fraud - either as a charge on your bill or unauthorised use of your bank account.

Supporting local businesses

Last summer surveys were sent out to find out how residents and businesses felt about visiting local businesses during the pandemic. These surveys were very useful in helping plan an approach to support businesses and residents in safely reopening. There is now an updated version of the survey, which will help to compare how attitudes have changed and identify how best to support South Cambridgeshire's local businesses as they continue to navigate this challenging time. Both surveys (for residents and business owners) can be found on South Cambridgeshire COVID-19 surveys page <https://www.scambs.gov.uk/COVIDsurveys>.

Jottings from the Longstowe Church PCC

Please do come down to the church in the not too distant future to have a chance of seeing the snowdrops which are now fully in bloom. After several years of trying to increase the number by digging clumps, splitting and replanting, and the benefit of natural hybridization from the wonderful carpet in the Old Rectory, we can definitely say Longstowe Church has snowdrops. However, they are probably not "Galanthus Longstowe" which are described as: *Free flowering, prolific. Leaves narrow, erect, grey-green. Outer segments well shaped, rounded at apex. Inners dark green inverted 'V' at apex to half of segment. February – March. Possible G. Plicatus x G. Nivalis 14cm*

After many false dawns of writing and telling you all that things are going to happen with the renovation of the Church, scaffolding is finally going up to allow the guttering to be replaced on a like for like basis. This has been made possible by a grant from Historic England under **Covid-19 Emergency Heritage At Risk Response Fund**. There was something like a 10 day window to apply for the Fund and we are very grateful to all involved in making it happen. We reported in the Christmas issue about the new lighting within the apse of the Church. The electricians have now returned and we have a new electric Board which allows the switching on of the wall heaters without the danger of curly hair. This together with the replacement of the rather holey (definitely not holy!) cast iron guttering are the first steps towards maintaining/ improving the fabric of the building. Our Church Services are rather ad hoc at the present time because of Covid 19, for which we are deeply sorry, but we are looking to plan at least one face to face service a month. Please keep an eye out for Notices.

Lent this year starts on **Wednesday, February 17th and ends on Thursday, April 1. Easter Sunday being the 4th April**. We are all praying that with the amazing progress being made in the Vaccination Programme for Covid 19 that we will be celebrating a proper Easter this year.

Team Ministry throughout the week

Please go to the team website <https://www.papworthteamchurches.org/> to follow the links for the services

Monday to Saturday

Team Morning Prayer at 8.15am

Pray with us via Zoom

'Phone-in' Church Monday @ 5pm

(Want/need to know more, please contact Geoff Dodgson)

Wednesday – Lent Study at 7.30pm.

Compline on Thursday at 9.00pm via Zoom

Ideas for Lent from Christian Aid and other charities (<https://www.papworthteamchurches.org/resources.html>)

Longstowe Church Opening times for individual prayer

Wednesday 10am-5pm

Saturday 10am -5pm

Please look for the guidance notes as you enter the building to ensure safe use at this time.

Final push for Longstowe to receive 18x faster broadband as a village earmarked for full-fibre connectivity

Latest information as we go to press is that County Broadband have almost hit the target for the area. Just two more pre-orders required to ensure Longstowe's inclusion so, if you are dithering, please take the plunge. It's a win/win situation and there is nothing to pay until you are out of your current contract and actually start using the full fibre broadband. Ongoing prices are competitive. Visit <https://countybroadband.co.uk/> for more information. Please support it if you can.

Problems with your drains ???

Longstowe has had an ongoing problem with the sewage system for some years now and although this was addressed to some degree a few years ago it was never fully resolved and now seems to have been forgotten. Apart from my own problems and those of my direct neighbours which I know some of you have been following on Facebook I have heard numerous tales of problems in other parts of the village that have gone unreported because 'it usually goes down

after a bit and it only runs into the road drains' or 'it's in the garden, and anyway they never do anything about it, so it's not worth reporting'.

Having spoken to Anglian Water engineers and managers, if we do not report all the faults that occur they think that things are working as they should. If they are all reported then we have a very good case for at least an upgrade to the pumps or maybe even a better system.

So what I am asking is that you report any faults with your drains or sewage as soon as they happen (don't worry if it usually goes down, it shouldn't ever come to the tops of your drains or toilet!) either on line to www.anglianwater.co.uk/contact-us/ or by phone 03457 145145 and make sure that you include the pumping station number which is LNGVSP LONGSTOWE VAC SP. Then if you could send on the fault number to me, either by Facebook messenger or email to bandmholland@hotmail.co.uk, I will put these together and, once we have sufficient evidence to do so, put a case to Anglian Water to improve our sewage pumping system. Remember that any water supply problems are Cambridge Water Company. Thank you, Ben Holland.

Battery recycling info

A battery re-cycling box has been positioned in the back wall of the Village Hall. This will be emptied as required by a volunteer from the village.

Revised bin collection dates during the Easter and May Bank Holiday:

Usual day	Revised day	Bin		
		Black	Blue	Green
Wed 7 April	Fri 9 April		✓	✓
Wed 14 April	Thus 15 April	✓		
Wed 24 April	No change		✓	✓
Wed 28 April	No change	✓		
Wed 5 May	Thus 6 May		✓	✓
Wed 12 May	Back to normal	✓		

Census

The Census is scheduled to continue as planned, with Census day due on 21 March 2021. Letters will start to hit doormats in mid-March. This Census will be digitally-led, with letters asking households to complete their form online where they can (paper versions will be available if needed). Please respond quickly to the letter, as the Office for National Statistics will be sending field agents out to those households that don't respond. You must complete

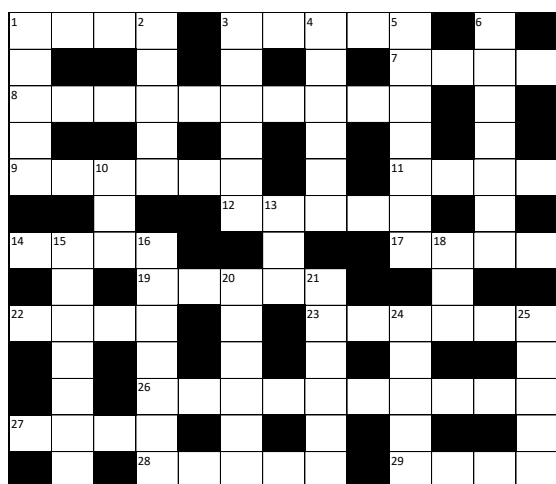

the census by law. If you do not, or if you supply false information, you could be fined up to £1,000. Some questions are clearly labelled as voluntary. It is not an offence if you do not answer these.

The census helps us understand what our society needs now and what it's likely to need in the future. The information it collects helps plan and fund services in your area. This could include transport, education and healthcare.

Charities also use census information to help get the funding they need. Businesses use it to decide where to set up, which creates job opportunities.

Your local Census Engagement Manager is Colin Lippitt. You can email Colin at colin.lippitt@field.census.gov.uk if you need more information or visit the Census website <http://www.census.gov.uk>.

Consultation on new housing policies relating to Build to Rent, Clustering and Distribution of Affordable Housing and Affordable Rent Setting

One of the aims of our Greater Cambridge Housing Strategy is to demonstrate what we expect new housing developments across Cambridge City and South Cambridgeshire to look like. To build on this further the two councils are consulting jointly on more detailed policies around Build to Rent, Clustering and Distribution of Affordable Housing and Affordable Rent Setting

Have your say at:

<https://www.scambs.gov.uk/consultation-on-new-housing-policies-relating-to-build-to-rent-clustering-and-distribution-of-affordable-housing-and-affordable-rent-setting/>

Warning for Dog Owners

We are urging pet owners to be vigilant and review their security after reports of a rise in dog thefts in other counties.

The demand for dogs has soared across the country due to more people working from home and having extra time on their hands.

DCI Chris O'Brien said: "Dogs are often part of the family and having them stolen can be absolutely devastating.

"Whilst we are not currently seeing an increase in dog thefts in Cambridgeshire, we'd urge pet owners to consider taking extra precautions to help deter thieves and protect your pets. You can never be too careful."

Extra precautions include:

- Keep an ID tag on your dog at all times
- Lock gates using bolts at the top and bottom, along with a heavy-duty padlock
- Ensure there are no places where dogs or other animals can escape or be pulled through, if they are left in a back garden
- Never leave your pet in the garden unattended
- Fit a bell or gate alarm so it makes a sound when someone opens it
- Purchase a driveway alarm so you are alerted to any visitors, these can also be used in rear gardens
- Make sure your dog is microchipped and their details are updated so that they can be

returned if they are stolen and subsequently found

- Avoid leaving a dog tied up outside a shop or left alone in a car, even for a few minutes
- Take lots of photographs of your dog to prove ownership if it's stolen and then found
- Report dog theft to police straight away

Always report stolen dogs to us, as sometimes officers have been able to reunite owners with their pets.

Anyone with information about a stolen dog, or suspicious behaviour, can report it via the force's web chat service: <https://bit.ly/2D9KFKH> or by calling 101 if they do not have internet access.

For more advice, visit the force's dedicated dog theft page: <https://bit.ly/3iDogWH>

Neighbourhood Watch

Your co-ordinators are:

Deborah Hemmins 719638

Peter Hemmins 719372

If you see an incident, please take all the details and jot them down. Numbers, dates, times, descriptions. If matters are urgent dial 999. Otherwise telephone 101.

You can also report incidents at www.cambs.police.uk.
